

WK MECHANICAL
HEATING & COOLING COMFORT PROS

“Do it The Right Way With WK!”

Are you ready for the coziness and comfort that Fall and Winter bring?

As the season changes and the weather starts to get colder, we at **WK Mechanical** want to ensure that our customers and their families are cared for and safe. The winter season can be brutal and unforgiving and we want to ensure our customers have a heating system that is working well and consistently performing throughout all seasons.

Let the WK Mechanical family make sure that your family is

comfortable and protected throughout the upcoming season. Learn more about how we help make sure your system is in tip top shape and how our [Comfort Club Maintenance membership](#) can give you real peace of mind.

Don't let the chill of Fall catch you off guard. Contact **WK Mechanical** today and let our experts ensure that your home heating system is in top-notch condition, allowing you to enjoy the cozy moments without worrying about unexpected breakdowns. Stay warm and cozy this Fall and Winter!

NYS Clean Heat

Participating Contractor

Thinking about upgrading your HVAC system? The **New York State Energy Research and Development Authority (NYSERDA)** can help make the transition more affordable. NYSERDA offers generous rebates for homeowners who purchase and install energy-efficient HVAC units.

[Click here to Learn more about NYSERDA Rebates](#)

WK Tip of the Month

The **Clean Heat Program** through your utility company provides rebates for a wide range of high-efficiency heat pump systems, including ductless mini-split and ducted systems. Some Clean Heat Rebates can also be combined with manufacturer incentives and tax credits, making the upgrade to an energy-efficient HVAC unit even more affordable.

Find out what you qualify for and make your home more comfortable and energy efficient. Contact us to set up a Free In-Home consultation (845) 764-9974 and we would be glad to explain how the rebates and incentives work.
